EXPERIENCE

New Business Development Internship

JetFuel Studio (Stagwell Inc. group)

New York, NY

Jun 2026 – Present

- Helped organize JetFuel's new business materials, built a smarter case study search system, supported RFP and pitch research, and developed AI tools that help the team identify and prioritize new opportunities.

Course Assistant - Simulation Modeling & Analysis

Columbia University

New York, NY

Jan 2026 – May 2026

- Supported graduate students by conducting weekly office hours, proctoring exams, and responding to technical questions on EdStem regarding simulation modeling concepts and applications.
- Leveraged AI-assisted grading tools to ensure consistent evaluation and provide timely feedback on assignments.

Operations in Sales and Commercial Strategy intern

Avianca Airlines

Bogota, CO

Jan 2025 – Mar 2025

- Developed and implemented an automated VBA solution to generate account statements in PDF format for airline agency partners. Saving 5 hours of monthly processing work.
- Designed and deployed a Power BI dashboard to monitor and analyze incentive payments for airline partners in the indirect sales channel. The dashboard provides managerial insights into payment distribution, performance metrics, and financial efficiency.

Intern Analyst

Alejandria Corp. (Private Equity)

Bogota, CO

Aug 2024 – Dec 2024

- Analyzed financial information in an Ecosystem Builder focused on doing Venture Capital for Impact Investment in Latin America.
- Developed automated methods with VBA to accelerate financial reports, saving 4 hours of monthly manual work.

Accounting Assistant

Realtix S.A.S

Bogota, CO

Jan 2020 – Mar 2020

- Classified tasks for the preparation of the annual tax review.
- Provided help in the preparation of project proposals.
